Rules for Consolidating the U.S. Affiliate

U.S. Entity (A) should file as the **consolidated U.S. affiliate** shown in the diagram above.

INCLUDE in the consolidation

- The **U.S. Entity (A)** in which no other U.S. entity has more than 50 percent direct voting interest; and
- Every **U.S. Entity (B)** and **U.S. Entity (C)** in which the U.S. Entity (A), or another consolidated U.S. entity, has more than 50 percent direct voting interest AND in which **NO** foreign entity, other than this foreign parent, has 10 percent or more direct voting interest.

EXCLUDE from the consolidation

- All **foreign entities**, including any **Foreign Entity (Z)** that is owned by a consolidated U.S. entity; and
- Any **U.S. Entity (D)** in which neither the U.S. Entity (A) nor any other consolidated U.S. entity has more than 50 percent direct voting interest; and
- Any **U.S. Entity (E)** in which a **DIFFERENT** foreign entity, other than this foreign parent, has 10 percent or more direct voting interest.

Hereinafter on this form the consolidated U.S. entities are collectively considered the **U.S. affiliate**.

Report the ownership interest in any **U.S. Entity (D)**, **U.S. Entity (E)**, and **Foreign Entity (Z)** on an equity basis, if the ownership is at least 20 percent. If less than 20 percent, report the ownership interest as trading securities or available-for-sale securities in accordance with FASB ASC 320.

Each **U.S. Entity (D)** and **U.S. Entity (E)** must file its own Form BE-605, unless it qualifies for exemption.

The U.S. affiliate must file a Form BE-577 for each **Foreign Entity (Z)** in which it has 10 percent or more voting interest, unless it qualifies for exemption. For more information, go to www.bea.gov/dia.

Part I – Identifying the U.S. Affiliate

4 Which type of business organization best describes this U.S. affiliate?

- 003
- 1 A U.S. business enterprise incorporated in the United States
- 1 An unincorporated U.S. business enterprise, such as a branch, partnership, real estate, etc.
- 1 A U.S. limited liability company (LLC)

5 If the U.S. affiliate's industry classification, based on the largest source of sales or gross operating revenues, has changed, or if this is an initial filing, please enter the appropriate code.

See the Industry Code Guide on www.bea.gov/NAICS2022..... 342

6 Has the ownership structure of this U.S. affiliate changed since the previous quarter?

See page 2 for guidance in identifying the entities that comprise the U.S. affiliate.

- 303
- 1 Yes – Please provide a chart showing the new ownership structure.
- 1 No

7 What type of equity interest does the foreign parent hold in this U.S. affiliate? (Check one box)

- 006
- 1 Only a direct equity interest – SKIP to **9**.
- 1 Only an indirect equity interest through another U.S. affiliate – ONLY complete **8** and **Part IV, 14** through **23**. Amounts representing this U.S. affiliate's equity accounts are part of another higher-tier U.S. affiliate's BE-605 report and should not be duplicated here. See Diagram 1.

Diagram 1

- 1 Both a direct equity interest AND an indirect equity interest through another U.S. affiliate –
- If BOTH a direct and indirect equity interest are held by the SAME foreign parent, this U.S. affiliate should be fully consolidated into the BE-605 report filed by the higher-tier U.S. affiliate that owns it, and any minority interest not held by the foreign parent either directly or indirectly must be eliminated. In the example at the right, this U.S. affiliate should be fully consolidated into the BE-605 report filed by the higher-tier U.S. affiliate that owns it directly. See Diagram 2.

Diagram 2

- If a direct and an indirect equity interest are held by DIFFERENT foreign parents, this U.S. affiliate must file Form BE-605 for EACH foreign parent. In the example at the right, this U.S. affiliate may not be fully consolidated into the BE-605 report filed by the higher-tier U.S. affiliate because of the direct ownership held by foreign parent A. See Diagram 3.

Diagram 3

- 1 No equity interest (only voting interest) – ONLY complete **Part IV, 14** through **23**.

8 What is the name of each U.S. affiliate that has a direct equity interest in this U.S. affiliate?

309

Identifying the Affiliated Foreign Group

The affiliated foreign group (AFG) consists of

- *The foreign parent (FP)*, which is the first **Foreign Entity (B)** outside the United States, proceeding up a chain of ownership, that has 10 percent or more voting interest in the U.S. affiliate, and
- *Every foreign affiliate of the foreign parent (FAFP)*, which includes
 - Any **Foreign Entity (A)**, proceeding up the foreign parent’s ownership chain, that has more than 50 percent direct voting interest in the entity below it, up to and including that entity in which no other foreign entity has more than 50 percent direct voting interest, and
 - Any **Foreign Entity (C)** and **Foreign Entity (D)**, in which the FP or any FAFP has more than 50 percent direct voting interest.

The AFG does not include:

- Any **Foreign Entity (E)** in which neither the FP nor any FAFP has more than 50 percent direct voting interest, or
- Any **U.S. entity**.

Identifying the Ultimate Beneficial Owner

The ultimate beneficial owner (UBO) is the entity, proceeding up the ownership chain beginning with and including the foreign parent, in which no other entity has more than 50 percent direct voting interest. If the UBO is the FP or an FAFP, then it is included in the AFG. In the diagram above, **Foreign Entity (A)** is the UBO of the U.S. affiliate.

NOTE that if the UBO is a U.S. entity it is not part of the AFG.

Definitions

Affiliate means a business enterprise located in one country that is directly or indirectly owned or controlled by an entity of another country to the extent of 10 percent or more of its voting stock for an incorporated business or an equivalent interest for an unincorporated business, including a branch.

Affiliated foreign group means (i) the foreign parent, (ii) any foreign entity, proceeding up the foreign parent's ownership chain, that owns more than 50 percent of the entity below it up to and including that entity which is not owned more than 50 percent by another foreign entity, and (iii) any foreign entity, proceeding down the ownership chain(s) of each of these members, which is owned more than 50 percent by the entity above it.

Banking covers business enterprises engaged in deposit banking or closely related functions, including commercial banks, Edge Act corporations engaged in international or foreign banking, foreign branches and agencies of U.S. banks whether or not they accept deposits abroad, U.S. branches and agencies of foreign banks whether or not they accept domestic deposits, savings and loans, savings banks, bank holding companies, and financial holding companies under the Gramm–Leach–Bliley Act. (U.S. branches of foreign banks are U.S. entities; conversely, foreign branches of U.S. banks are foreign entities.)

Branch means the operations or activities conducted by an entity in a different location in its own name rather than through an incorporated entity.

Business enterprise means any organization, association, branch, or venture that exists for profit making purposes or to otherwise secure economic advantage, and any ownership of any real estate.

Direct investment means the ownership or control, directly or indirectly, by one investor of 10 percent or more of the voting securities of an incorporated business enterprise or an equivalent interest in an unincorporated business enterprise.

Entity (as used here, "entity" is synonymous with "person," as that term is used in the broad legal sense) means any individual, branch, partnership, associated group, association, estate, trust, corporation, or other organization (whether or not organized under the laws of any state), and any government (including a foreign government, the United States Government, a state or local government, and any agency, corporation, financial institution, or other entity or instrumentality thereof, including a government-sponsored agency).

Finance industry is comprised of businesses engaged in financial transactions (transactions involving the creation, liquidation, or change in ownership of financial assets) and/or in facilitating financial transactions. Finance industry activities include the raising of funds by taking deposits and/or issuing securities, and in the process, incurring liabilities, and providing specialized services facilitating, or supporting, financial intermediation.

Foreign, when used in a geographic sense, means that which is situated outside the United States or which belongs to or is characteristic of a country other than the United States.

Foreign affiliate of the foreign parent means, with reference to a given U.S. affiliate, any member of the affiliated foreign group (see definition above) that is not a foreign parent of the affiliate.

Foreign direct investment in the United States means the ownership or control, directly or indirectly, by one foreign investor of 10 percent or more of the voting securities of an incorporated U.S. business enterprise or an equivalent interest in an unincorporated U.S. business enterprise, including a branch or partnership.

Foreign parent is the FIRST entity incorporated outside the United States, proceeding up a chain of ownership, that has 10 percent or more voting interest (direct or indirect) in this U.S. affiliate.

Partnerships are either classified as general or limited. The determination of percentage of voting interest for either is based on who controls the partnership. A general partnership consists of at least two general partners who together control the partnership; unless a clause to the contrary is contained in the partnership agreement, a general partnership is presumed to be controlled equally by both partners. A limited partnership consists of at least one general and one limited partner. The general partner usually controls a limited partnership, and therefore, has 100 percent voting interest in the partnership. Limited partners do not normally exercise any control, and unless a clause to the contrary is contained in the partnership agreement, are presumed to have zero voting interest in the partnership.

Private fund refers to the same class of financial entities defined by the Securities and Exchange Commission as private funds on Form PF: "any issuer that would be an investment company as defined in section 3 of the Investment Company Act of 1940 but for section 3(c)(1) or 3(c)(7) of...[that] Act."

Ultimate beneficial owner means the foreign entity proceeding up the ownership chain, beginning with and including the foreign parent, that is not more than 50 percent owned by another entity.

United States, when used in a geographic sense, means the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, and all territories and possessions of the United States.

U.S. affiliate means a business enterprise located in the United States in which a foreign entity has a direct investment.

Voting interest is the percent of ownership in the voting securities of an incorporated business enterprise or an equivalent interest in an unincorporated business enterprise, including a branch or partnership.
