1. Which financial reporting standards will you use to complete this BE-15 report?
- GAAP
 IFRS
 Other reporting standards

NOTE — The BE-15 report should be completed using U.S. Generally Accepted Accounting Principles. If using U.S. GAAP to complete this report is highly burdensome, or otherwise not feasible, you may use other financial reporting standards, preferably with adjustments to correct for any material differences between U.S. GAAP and the reporting standards used.

2. Is more than 50 percent of the voting interest in this U.S. business enterprise owned by another U.S. affiliate of the foreign parent (see diagram below)?
- Yes
 No

No – Complete this report in accordance with the consolidation rules

3. Primary Employer Identification Number (EIN)

Other EIN (if any)

4. In which state was the U.S. affiliate located?

If the U.S. affiliate operates in more than one state, select the state where the greatest number of employees was based at the end of FY 2025. If there were no employees and no physical location, select the state of incorporation.

5. This U.S. affiliate's fiscal year ended in calendar year 2025 on:

Example — If the fiscal reporting year ended on March 31, report for the 12-month period ended March 31, 2025.

NOTE — Affiliates with a fiscal year that ended within the first week of January 2026 are considered to have a 2025 fiscal year and should report December 31, 2025, as their 2025 fiscal year end. Also — If a U.S. affiliate does not have a financial reporting year, its fiscal year is deemed to be the same as calendar year 2025.

6. Did the U.S. business enterprise become a U.S. affiliate during its fiscal year that ended in calendar year 2025?

- Yes
 No

Consolidated Enterprises

U.S. business enterprises fully consolidated in this report — U.S. business enterprises that are more than 50-percent owned based on voting interest should be fully consolidated in this report, except as noted in the consolidation rules below.

7. Number of U.S. business enterprises consolidated in this report

Enter the number of U.S. business enterprises consolidated in this report in the box. Hereinafter they are considered to be one U.S. affiliate. If the report is for a single U.S. business enterprise, enter "1" in the box. Exclude from the consolidation all foreign business enterprises or operations owned by this U.S. affiliate.

If the number is greater than one, complete Supplement A.

Consolidated reporting by the U.S. affiliate – A U.S. affiliate must file on a fully consolidated domestic U.S. basis, including in the full consolidation all U.S. business enterprises down each ownership chain whose voting securities are more than 50 percent owned by the U.S. business enterprise above. The fully consolidated entity is considered one U.S. affiliate.

A foreign person holding real estate investments that are reportable on the BE-15 must aggregate all such holdings.

Do not prepare your BE-15 report using the proportionate consolidation method. Except as noted below, consolidate all majority-owned U.S. business enterprises into your BE-15 report.

Unless the exceptions discussed below apply, any deviation from these consolidation rules must be approved in writing by BEA. If you file deconsolidated reports, you must file the same type of reports that would have been required if a consolidated report was filed.

Report majority-owned subsidiaries, if not consolidated, on Form BE-15C using the equity method of accounting. DO NOT eliminate intercompany accounts (e.g., receivables or liabilities) for affiliates not consolidated.

Exceptions to consolidated reporting: Each U.S. affiliate not consolidated must file its own Form BE-15.

a. Do not consolidate foreign subsidiaries, branches, operations, or investments, no matter what the percentage ownership. Include foreign holdings owned 20 percent or more using the equity method. DO NOT report on employment, land, or other property, plant, and equipment and DO NOT eliminate intercompany accounts for holdings reported using the equity method.

b. Special consolidation rules apply to U.S. affiliates that are limited partnerships or that have an ownership interest in a U.S. limited partnership. These rules can be found on BEA's website at bea.gov/help/faq/1011.

c. A U.S. affiliate in which a direct ownership interest and an indirect ownership interest are held by different foreign persons should not be fully consolidated into another U.S. affiliate but must complete and file its own BE-15 report.

This survey form is provided for reference only and is not valid for current reporting purposes. Please visit <https://www.bea.gov/efile> to submit this form electronically.

Ownership

OWNERSHIP

Enter percent of ownership in this U.S. affiliate, to a tenth of one percent, based on voting interest (or an equivalent interest if an unincorporated affiliate). Voting interest – is the percent of ownership in the voting equity of the U.S. affiliate. Voting equity consists of ownership interests that have a say in the management of the company. Examples of voting equity include capital stock that has voting rights, and a general partner's interest in a partnership.

Foreign parent — A foreign parent is the FIRST person or entity outside the U.S. in a chain of ownership that has a 10 percent or more voting interest (direct or indirect) in this U.S. affiliate. The country of foreign parent is the country of incorporation or organization if the parent is a business enterprise, or of residence if the parent is an individual or government. Individuals who reside, or expect to reside, outside their country of citizenship for one year or more are considered to be residents of the country in which they are residing unless for the purpose of furthering the business of the enterprise, provided there is the intent to return to the country of citizenship within a reasonable period of time or individuals and members of their immediate family who are residing outside their country of citizenship as a result of employment by the government of that country - diplomats, consular officials, members of the armed forces, etc.
